

ACTIVITY SHEET
ANIMAL CELL STRUCTURES & FUNCTIONS

Reference: Diagram of an animal cell

Instruction: Complete the table below.

Components	Location	Functions
Nucleus		
Nucleolus		
Centrioles		
Ribosomes		
Rough Endoplasmic Reticulum		
Smooth Endoplasmic Reticulum		
Golgi body	In cytosol near periphery of cell	
Vesicles	Variable positions in cytosol	
Lysosomes	Variable positions in cytosol	
Vacuoles	Variable positions in cytosol	
Cytoplasm		
Cytoskeleton	Variable positions in cytosol	
Mitochondria	Variable positions in cytosol	
Plasma/Cell membrane	Surface of cell	
Flagella & Cilia
